

renovation money in 1981.

The basement of Nichols Hall will house between 4 and 5 miles of adjustable shelf space for serials, monographs and documents from Farrell Library.

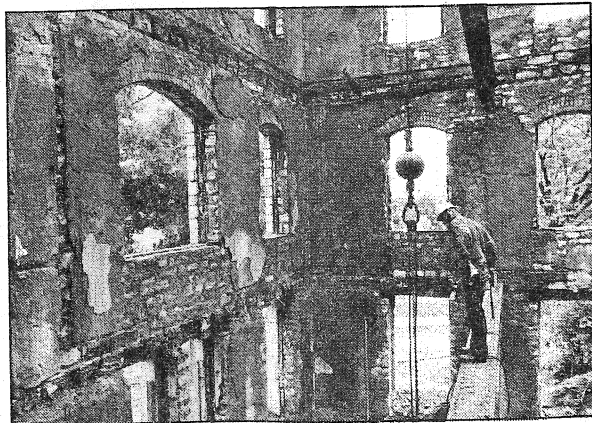

ABOVE: The Nichols Hall Theatre has a three-sided thrust configuration stage which places the audience closer to the stage. LEFT: Fire protection for computer equipment is provided by a halon gas system which releases the gas into a room and smothers fire without damaging equipment.

1979

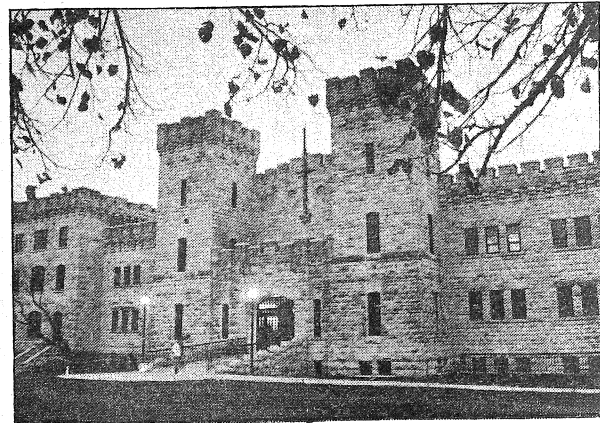

at Duane Acker  
a group of protestors  
Anderson Hall who  
ed against Acker's  
to have Nichols  
razed.

1981

A worker assisted in the removal of twisted steel beams and small trees from the interior of Nichols Gymnasium as preparations were made for the renovation.

1985

Nearly 17 years after the interior of Nichols Gymnasium was destroyed, the renovated structure will be officially rededicated in an 11 a.m. ceremony Saturday.
